Carbide Employees Receive Savings Plan Dividends
 A cash distribution of \$54,105,566, Union Carbide Chemicals Co., is a division of Union Carbide.
 Under this plan, employees set aside up to 7½ per cent of their earnings and the company adds 10, 20, or 30 per cent to this depending on whether the employee has one, two, or three or more years of company service.
 The plan contains provisions for short-term savings and long-range investments or a combination of both. This flexibility, which is one of the outstanding features of the plan, permits employees to set aside cash for a distribution every two years and also provides the choice of long-range investment in either U. S. Savings Bonds or Union Carbide stock. Savings plans were made available to Union Carbide employees as early as 1935.
Senior Group Installed By Lyle Moore
 Lyle Moore, California state president of the "Senior" members of the Junior Chambers of Commerce was the featured guest Thursday, when the Torrance Junior Chamber met.
 Moore installed the following senior citizens of the local club: Jack Phillips, Fred Hansen, Marvin Goetsch, Vern Ivelady, Ed Karlow; plus new members Past President Dale Stanton, State Director Nolan Stukey and Harry Klingler, all of whom are now official "Exhausted Roosters."
 Frank Dussel, president, announced the new committee chairmen. They are Nolan Stuckey and Bill Sturges, co-chairman of the California State Executive Board meeting to be held in Torrance July 13 and 14; Lee Dawson as membership chairman; Dr. Warren Harvard Low, public relations and program; Lou Schlanger and Pete Naluai, next meeting chairmen.

Residents to Seek Sewers On Berendo
 Hopes for the installation of sanitary sewers in the Berendo Ave. area, vicinity of Torrance, came a step closer to realization when petitions for this improvement were authorized for circulation by the County Board of Supervisors, according to Supervisor Burton Chace.
 The petition requires the signatures of the owners of 60 per cent or more of the area involved and should be returned on or before June 1, 1958. Ernest Hargett of San Pedro, Mrs. Henry O. Berry of 1029 W. Carson, Torrance, and Hilda Carlsen of 14907 Halldale Ave., Gardena, are local residents circulating the petition for signatures. As soon as the necessary number has been obtained, the Board of Supervisors will order the preparation of plans for the work.
 Total cost of the project is estimated to be \$52,200. The average assessment, based on the engineer's estimate, will amount to approximately \$7.70 per assessable front foot of the property benefited by the improvement. The final assessments will be based on the actual cost of the work and may vary from the above estimate. The work will be done under assessment district proceedings, and payments may be spread over a 10-year period.
 Since it may take from 12 to 20 months after the signatures are secured before actual construction starts, the County authorities caution property owners about entering into contracts for the construction of house lateral sewers and have issued the following: "Notice for the Information and Protection of Property Owners."

RH Toastmasters Go On Summer Schedule
 Rolling Hills Toastmasters Club No. 139 will go on its summer schedule of bi-weekly meetings, starting with the Wednesday, July 10, meeting. Meetings will be held at the Fish Shanty at 7 p.m. on July 10 and 24, Aug. 7 and 21, and on Sept. 7. During the rest of the year, the group meetings weekly. Visitors are welcome.
But
ON, NOW HE LOSES WHEN HE FINANCES A CAR
 He needs to find out about my "Bank Plan." It could save him \$100 or more on the total cost of his car. That's because my plan combines low-cost insurance with low bank rate financing and it's easy to use, too — you just select the car and I do the rest. Call me before you buy that new car!
